

COMPANY PROFILE

AV3, INC.

ABOUT US

AV3 is a Native American owned, certified Veteran-Owned Small Business (VOSB) and Minority Business Enterprise (MBE) Audio Visual (A/V) Systems Integration firm headquartered in Mechanicsville, MD. Since 2006, AV3 has been a leading and well-established expert in the A/V industry, providing products and services centered on A/V design, programming, integration, installation, training, warranty, and maintenance and support using a turnkey approach for customer requirements and challenges. Providing the DoD, State and Local Government, Educational Institutions, and Enterprise Commercial clients with the Best-in-Class technology products, managed solutions, and professional services. As a partner and value-added reseller of the Industry's premier audio, video, and control technology manufacturers, we can solve all your visual information sharing challenges by leveraging reliable technology to meet your specific requirements.
